

# Advanced PHA Leader

C111 Classroom

## **8:00 A.M. TO 5:00 P.M.**

- OSHA/EPA requirements (regulations and clarifications) for PHAs
- Defining process sections and deviations/failure modes
- Workshop: Segmenting complex systems
- Identifying process hazards
- Workshop: Developing an interaction matrix
- Workshop: Making PHA meetings more effective
- Managing PHAs (all phases: preparation, meeting, documentation, resolution)
- Documenting PHAs (your company's needs vs. regulators' needs) and action item resolution
